## THE TERRUÑO (TERROIR)

With the Andes to the West and the Atlantic to the East, most of Argentina's wine production takes place between latitudes 22–42°S and altitudes 250–3111m ASL

We list our wines by grape variety, starting from the north (very high altitude), through Mendoza and then down to the south (low altitude), covering a distance of some 3000 km.

Our staff taste wines on a daily basis and receive a very thorough training programme that is naturally geared towards the wines of Argentina.

If you would like more information about the wine, visit our online shop at [gauchorestaurants.com/wine-shop](http://gauchorestaurants.com/wine-shop).

### PLEASE NOTE

Please note our glass size is **150ml**, pot size is **400ml** and bottle size is **750ml** unless otherwise stated.

*We are happy to decant any of these wines at the table. Please be aware that most of the wines on offer are not filtered and may throw a light deposit. This should be seen as a sign of quality, and is indeed indicative of the low intervention that many winemakers in Argentina believe contributes to the character of these wines. Since Argentina is a long way from our shores, and we cannot always predict when new wines arrive, some vintages may vary from those advertised on this menu*

## THE REGIONS

### SALTA

1700–3111m ASL 2300 Hectares

The northern most winemaking region in Argentina, set in the beautiful **Calchaquí Valley**, and one of the most terroir specific, Salta is home to the highest vineyards in the world. **Cafayate** is the main town, with just 33 wineries making fine, powerful wines with huge, intense luminosity. Torrontés and Tannat are at their best, with Malbec expressing itself in its most intense and opulent glory. Further afield, **Cachi** and **Molinos** are pushing the limits of extreme viticulture, reaching the dizzy heights of 3111m.

### CATAMARCA

2000m ASL 2600 Hectares

Set in the implausibly remote and wild valley of **Fiambalá**, Catamarca is home to Malbec, Bonarda, Syrah and, increasingly, Torrontés. Just a dozen wineries produce mainly organic wines with power and concentration. The famous 'mistela' sweet Muscatel wines are frequently made by the many Monasteries in the region.

### LA RIOJA

1000–1400m ASL 8000 Hectares

Characterised by a large cooperative, with over 100 wineries working under one brand, La Rioja excels at producing Torrontés, Bonarda, Tannat and Syrah. This is the original home of Torrontés, where Muscatel de Alexandria and Criolla Chica first crossed. A number of new, independent wineries are producing new varietals, such as Fiano and Muscat.

### SAN JUAN

800–1400m ASL 46000 Hectares

Perhaps the hottest of all climates, this is Argentina's second wine region and lies to the north of Mendoza. There are 3 main zones. Zonda, which is named after the famous wind, which fires its way down the mountain with such ferocity, is hot and dry. Tulum surrounds the city of San Juan, and is noted for the quality of its Syrah, which loves heat. The high quality comes from Perdernal, and at 1400m it is the coolest sub region in San Juan. Malbec, Syrah and Petit Verdot are the stars, with ripe, spicy and peppery character.

**Calingasta**, a new, even higher vineyard area better known for its apples, is showing much promise, particularly for the Bonarda Argentina and Criolla Chica grape varieties.

### MENDOZA

650–1500m ASL 144000 Hectares

The largest wine region in Argentina, and the most famous. **Maipú** and the eastern regions are hot and arid, with an enviable swathe of old vines, mainly given over to making table wines. Some famous old family names reside in Maipú, where Malbec, Cabernet Franc and Cabernet Sauvignon are ripe and rich in style.

**Luján de Cuyo** is home to most of the famous names, **Agrelo** being the largest sub-region. Set in a bowl shape, this is a very cool region, with deep soils, ideal for traditional flood irrigation from the Rio Mendoza. Next door, **Pedriel** is more rocky, giving graphite and flesh to the wines, and particularly good

for Cabernet Sauvignon. Straddling the border with Maipú, **Drumond** and **Lunlunta** are home to leafy dirt tracks and old, old vines. Malbec is perhaps at its finest here, and a new focus on this region is emerging. Moving west, **Vistalba** and **Las Compuertas** is home to some of the best vineyards in all of Argentina. Silky and soft, Malbec has a juicy and intense elegance, with wild flowers and spice.

The recent race to the **Uco Valley** is giving wineries a new colour to their palate, with tense and nervy wines being defined by a cooler terroir. This huge valley is divided into 3 regions, being separated by the Tunuyán and Las Tunas rivers. When entering the valley, **Tupungato** soars with high altitude vines, with the sub region of **Gualtallary** generating much excitement, not least because it is being exploited by a new breed of maverick winemakers who are creating stunning Cabernet Franc and blends. The new **San Pablo** region is producing wines with intense acidity and a lightness of touch too.

**Tunuyán** is home to **Vista Flores**, right at the foot of the snow line of the Andes, producing spicy, elegant and floral wines. The rocky **Chacayés** department is also creating a stir and is being targeted by small boutique wineries. Moving further south, we come to the department of **San Carlos**. This is where the cooling influence of latitude starts to kick in. **Paraje Altamira** has just been given its own appellation, and is home to high levels of calcium carbonate in the soils, giving a fantastic level of complexity and longevity to Malbec in particular.

**La Consulta** has deeper soils, and old vines, which manifests in gloriously opulent fruit, combined with high acidity. **El Cepillo** and **Eugenio Bustos** also have high levels of limestone, producing tense and mineral wines.

### BUENOS AIRES

10m ASL 140 Hectares

Small, new wine projects in **Chapadmalal**, near Mar del Plata, are the only wines that have any sea influence. Lying right next to the Atlantic, Albariño, Riesling, Gewürtztraminer and Pinot Noir will be the stars of the future. Watch this space.

### PATAGONIA

250–400m ASL 6200 Hectares

With Mendoza to the north, and the Andes to the west, the **Río Negro** is a 75 mile long oasis in a wild, windy desert plateau. The river gives life to the many old vines, with a wide thermal amplitude, making this region ideal for high quality wine. Sémillon, Pinot Noir and Merlot are the dominant varietals here, and Malbec has a fine texture and lovely purity of fruit. The wines are very elegant. **Neuquén**, where the Limay and Neuquén rivers meet near San Patricio del Chañar, is the newest wine region in the world. Planted from 1999, a handful of wineries are beginning to find definition; intensely pure and mineral in style, with quality getting better with each vintage.

## WHITE WINES

### TORRONTÉS

Originally thought to come from Galicia in Spain, this unique grape variety achieves its true potential in the northern province of Salta, home to the highest vineyards in the world. Studies have recently revealed that Torrontés is indeed a native varietal to Argentina, being a cross between Muscatel de Alexandria and Criolla Chica. Torrontés provides a unique match with the ceviches

*Aromatic, floral and high in acidity, clean, fresh elderflower and lychee with a pink grapefruit and citrus finish*

### EL PORVENIR DE CAFAYATE 'LABORUM' OAK FERMENTED 2015

## WHITE WINES

### CHARDONNAY

Chardonnay likes a cool climate, and so is well suited to the higher regions of Mendoza. The beauty of the fruit from Tupungato in the Uco Valley, is preserved by the wonderful acidity and mineral rich soils

*Without oak this shows clean and fresh white fruits; with oak it offers some buttery complexity and steely mineral ripe fruits*

### CATENA 'ALTA' 2014

### RIESLING

*Riesling is rare in Argentina, but is increasingly being planted in the cool areas of the Uco Valley and some old vines exist in Patagonia*

*Mineral, steely with fresh apple and searing acidity*

### LUIGI BOSCA

'LAS COMPUERTAS' 2016  
1067m Las Compuertas,  
Luján de Cuyo, Mendoza  
\$450 (Single Vineyard)

### VIIGNIER

Viognier is especially good in the cool Uco Valley region in Mendoza

*Heady and full-bodied with apricots and lime, profound and intense*

### 'SELECCIÓN G'

LUIGI BOSCA 2014  
800m Barrancas, Maipú, Mendoza  
\$370 (Unoaked)

### SEMILLÓN

Semillón has a long history in Argentina, having been brought from Bordeaux with Malbec

*Touches of honey, ripe peach and apricot with toasty notes from the cooler regions*

### MENDEL 2012

1150m Altamira, Uco Valley, Mendoza  
\$610 (Single Vineyard)

### WHITE BLENDS

Blending varietals gives extra dimension and complexity to white wines. With few rules to conform to when it comes to blending, some elaborate and interesting wines result

### LUIGI BOSCA

### BONARDA ARGENTINA

We now know that this is not originally an Italian grape of the same name, but a French grape from the Savoie called Corbeau. Bonarda is second only to Malbec in terms of volume of wines made in Argentina, and provides wonderful quality, especially from the old vineyards of eastern Mendoza

*Ripe and soft in the mouth, dark dried fruits and candied peel with spice*

### 'SELECCIÓN G'

**ZUCCARDI** 2013  
680m Santa Rosa, Mendoza  
\$390

### RICCITELLI 'THE APPLE DOESN'T FALL FAR FROM THE TREE' 2015

### EMMA ZUCCARDI 2014

680-1400m Santa Rosa/  
Altamira/Tupungato, Mendoza  
\$945

### TEMPRANILLO

Tempranillo's origins lie in the Rioja region in Spain. Outside Spain, Argentina is the most important producer of this grape and is gaining a reputation for this variety

*Nutty fruits and tobacco leaf with rich, ripe fruits and dried flowers. Very rich in the mouth*

### 'SELECCIÓN G' LUIGI BOSCA 2013

800m Barrancas, Maipú, Mendoza  
\$420

### ZUCCARDI 'Q' 2013

680m Santa Rosa, Mendoza

### TANNAT

Tannat, hailing from south west France, has now found a natural home in the province of Salta

*Molasses and jasmine on the nose. Rich and very full-bodied*

### EL PORVENIR DE CAFAYATE

'LABORUM' 2015  
1700m Cafayate, Salta  
\$800 (Single Vineyard)

### MERLOT

This Bordeaux grape needs a cool but sunny climate and so is at its best at altitude, where warm days and cool nights lengthen the ripening of the grapes for more intensity and complexity. Patagonia is also showing much promise for this variety

*Rich and plummy, sweet spice and bitter chocolate with ripe fruits, dates and raisins. Soft and rich in the mouth*

### TRAPICHE 'OLD CASK' 2016

750-1100m Uco Valley, Mendoza  
£370

### CHACRA 'MAINQUÉ' 2012

350m Mainque, Río Negro, Patagonia  
\$950

### LUIGI BOSCA 'MERLOT' 2013

980m Barrancas, Maipú, Mendoza  
\$720

### CABERNET FRANC

Like the rest of the Bordeaux varieties, Cabernet Franc has found its home in Argentina. This grape is traditionally blended, but is increasingly made as a single varietal in Mendoza and the Rio Negro, producing leafy and elegantly aromatic wines

*Leafy, menthol and deep black fruits. Brooding complexity and very fresh and clean finish. Medium-bodied*

### CATENA 'APPELLATION

**SAN CARLOS' 2014**  
1120m El Cepillo,  
San Carlos, Uco Valley, Mendoza

## RED WINES

### PINOT NOIR

Pinot Noir – the most demanding of all grapes to grow. Here the cool winds, high sunshine intensity and mineral soils make for a unique style and quality that gets better and better in this new region

*Light and fresh, crushed raspberry and morello cherry with earthy tones. Complex, elegant and rich from Patagonia*

### MANOS NEGRAS

### SYRAH/SHIRAZ

Syrah likes some heat, so is well suited to the province of San Juan and the east of Mendoza, resulting in wines with guts and character. Of late, Salta is producing some fabulous Syrah/Shiraz

*Black cherry and kirsch with black pepper and juicy tannins in the mouth.*

### LUIGI BOSCA 'SYRAH' 2013

780m Uco Valley, Mendoza

## FINE AND RARE

Bottle 750ml

These wines represent the very best of Argentina, some being the 'Icon' wines from major wineries, others being from small, independent wineries working in specific areas of Mendoza

New and unusual grape varieties are finding their niche in the fine tradition too, providing more scope to the diversity of this beautiful country. Some of these will be subject to availability
